LITERACY in a BOX

A Literacy Box

gives children
a
better life through education

a better life, through education

to children and their communities.

Education is 'life enhancing' for all of us, but it is an essential for those in Third World countries, where the twin threats of poverty and AIDS have decimated communities.

Literacy in a Box is a project...

designed to give Zambian children the basics of education. Each Literacy Box contains enough materials for 25 children, as requested by the teachers in schools with which we work. The content list of the standard Literacy Box can be seen at:

literacyboxtrust.org.uk.

Literacy Boxes support... teachers

Education is an ongoing process lasting many years through childhood. We need to send Literacy Boxes regularly enough to ensure that teachers have the resources so education can continue without a break!!!

This is Sharon, who received materials from the first Literacy Boxes sent to Lusaka.

Sharon went on to secondary school and trained to be a teacher. She is delighted that Chainda children are still receiving the benefits of Literacy Boxes.

Literacy Boxes are sent to...

Zambia as a priority. Please visit our website to see all Literacy Box destinations:

Literacy in a Box receives... feedback

… through photos, videos and letters.

Teachers from Jedidah Community School in Lusaka, Zambia told us:

" Nothing gives us greater joy than seeing our children perform well in class. In order for this to happen, the children must be prepared with books, pencils, rulers and rubbers. But not all kids can afford these things, that's why I want to thank Literacy in a Box for helping us."
